THE FAIR.

While driving along Main street, yesterday afternoon, a horse being driven by Mrs. Robert Terrill, and daughter, shied at a piece of paper, upsetting the buggy and throwing the occupants out. While they were not seriously hurt, they were considerably bruised.

News items for the past week have been as scarce as colored physicians. There is generally a lull following an election, and the past week has been no exception. When the happenings happen we generally happen around, but when there is no happenings to happen, we have to do the best we can.

We have heard of men being so mean that they would steal a copper cent from a dead man's eye, and such is no doubt a fact. Some one was mean enough to steal the silver baptismal bowl from the Second Presbyterian Church, a few days ago. Any man who would commit a theft in a church is mean enough to do anything.

WHAT has become of the Paris Commercial Club that was recently organized in this city? They started out with good intentions and we hope that it will not be lost sight of entirely. Our little city is undergoing some improvements, but in order to keep up the progress we must have some of our representative men to push things along. Inducements were to have been made to manufacturers to locate here. Have any such inducements been made?

THERE are some people in Paris that are endowed with a great deal of curiosity, and want to know all about other people's affairs. Certain individuals spend a great deal of their time listening to the conversations of others over the telephone, and then go about and tell what they know. This is dead wrong, and if the parties are apprehended, should be taken into court and fined. Simply because a person pays for the use of a 'phone in their house, does not give them the privilege to listen to private conversations.

## Lodge of Sorrow.

The first annual memorial service, or Lodge of Sorrow, of Paris Lodge, No. 373, Benevolent and Protective Order of Elks, will be held at the Second Presbyterian church, in this city, on Sunday evening, December 1st, at 7:30 o'clock.

The committee in charge of this service have arranged with Dean Baker P. Lee, of Lexington, to deliver the memorial address, and a short address will also be delivered by Hon. Emmett Dickson, who is a member of the local lodge.

Dean Lee, of Christ cathedral, Lexington, is one of our most noted divines, and is a forcible speaker. He is a member of Lexington Lodge of Elks.

The departed brothers, in memory of which this meeting will be held, are the late Walter Champ and Andrew M. Gutzeit, who departed this life during the last winter months.

A musical programme will be arranged that will be participated in by the very best available talent in the city, and it is unnecessary to say that it will be an entertaining one.

The services, which are very beautiful, are held annually on the first Sunday in December in memory of their departed brothers.

The programme of the services in this city have not yet been completed, but as soon as arranged, will be published in the Bourbon News.

Look out for the shower of shooting stars. They are due Wednesday, Thursday and Friday night. The last shower occurred thirty years ago.

In the Circuit Court, Emily E. Collins has brought suit for divorce against her husband, Wm. Albert Collins, both of this county. They are an aged couple and have thirteen children.

In Judge Smith's court, yesterday, Peter Hancock and Andrew Bryan, both of the colored persuasion, were fined \$10 and trimmings, for engaging in a fight, in front of the News office, on Broadway, on Sunday last.

MR. WM. O. HINTON and wife, celebrated the fifteenth anniversary of their marriage on Sunday, as the guests of Mrs. Hinton's parents, Rev. and Mrs. J. C. Freeman, at their home, near Lexington. Sunday was also the fortieth anniversary of the marriage of Mr. and Mrs. Freeman. All the children and grand-children were present.

MR. BEDFORD HEDGES, of this city, who is traveling through the far West with a theatrical company, in writing to a friend here, from Cheyenne, Wyoming, says: "We are on our way to California, through the grand and glorious West. Traveled all day yesterday and saw nothing but the plains, cowboys and Indians. We played North Platte, and I called to see Buffalo Bill, at his rancho. Enjoy looking from the car windows at the snow-capped Rocky mountains. Everything is very high-priced out here. The people living here, as a rule, are very rough. I will take my Thanksgiving dinner in San Francisco."

## Amusements.

## OTIS SKINNER.

One of the grandest audiences ever assembled within the walls of the Grand Opera House, will undoubtedly welcome Mr. Otis Skinner to Paris next Thursday night. Manager Porter has received notification of delegations from Cynthiana, Millersburg, Carlisle, North Middletown, and Georgetown, besides the various county precincts. The sale of seats will open at the opera house this morning at 8 o'clock. Mr. Skinner's reputation as an artist, together with the excellence of his superb company, will certainly serve to pack the Grand from parquette to gallery.

At Lexington, on Nov. 13th, will be given a special production of Hall Caine's great play, "The Christian," with a star cast, including Edward J. Morgan, the original and famous John Storm, assisted by Elsie Leslie, as Gloria Quale, and a company of fifty people. This will be the best presentation of the play ever given in that city.

## Something New.

A new graphophone for \$25, which uses both large and small cylinders is the latest development in the talking machine field. This new instrument has been provided to supply a demand which has manifested itself ever since the large cylinder appeared. Its possessor, while having only one instrument, costing considerably less than any previous machine capable of using the large cylinder, may now enjoy a large variety of selections at the nominal cost of small records, and is also enabled to avail himself of the great volume and superior reproduction of the Grand record, whenever desired, at no additional cost other than that of the records themselves. Besides its other advantages this instrument is provided with an entirely new feature which has never before appeared on any graphophone. This is a dial speed indicator which, by the position of a pointer, enables the operator to tell at a glance, the speed at which the machine is running and to adjust the speed by merely moving the pointer.

The Columbia Phonograph Co., No. 110 East Baltimore street, Baltimore, Md., headquarters for graphophones and talking machine supplies of every kind, will send you catalogues on application.
